The space

Generous open living spaces and clean lines with large windows open up to a very leafy outlook. A sizeable grassed front and backyard, plus a versatile rumpus zone and green lawn around the pool surrounded by incredible lush backdrop of a council reserve, makes the perfect lush green backdrop!

Light-filled due to plenty of windows throughout the property, the green surrounds would make this space ideal for photoshoots or TV production filming. Features an outdoor seating area, with steps down to a small swimming pool.
